Miss Kerrie Anne

I believe as an Educator it is important to provide a caring, nurturing and safe environment for the children.

I believe it is important that the children and families feel welcomed, supported and settled into the centre.

I believe it is important to have a strong relationship with all educators, children and families in order to provide a secure and successful environment.

I believe it is important to provide opportunities for the children to be able to participate in planned and unplanned experiences ensuring that they continue to develop emotionally, socially, physically and intellectually.

I believe that all children grow, learn and develop at different stages and each child should be observed and developed individually in order to help them reach their full potential.

I believe that children learn through play so it is important to provide them with a variety opportunities to expand their learning curiosities.

Building our children for the future
